

## **Information about scientific projects of Abai KazNPU**

### **University research projects**

In 2021, 14 scientific projects on grant financing of the Ministry of Education and Science of the Republic of Kazakhstan will be implemented at Abai KazNPU. 12 projects of young scientists are being implemented at the expense of the university's own funds. The university has also allocated its own funds for integration projects with republican scientific organizations (research institutes): 8 projects are being implemented. Another 7 projects are carried out by research centers and laboratories of the university.

### **International scientific projects**

Kenzheakhmet Nurlan, a specialist in the toponymy of geographical objects of Kazakhstan, a researcher at the Fairbank Center for Chinese Studies at Harvard University, who lives in the United States, has been hired as a research professor in the direction of "Development of special measures to attract compatriots working in leading foreign centers and universities". He is the scientific director of the project "Orta Asiadagi yezhelgi turki dauirindegi toponymicalyk malimetterdi zertteudin kazirgi alemdik geosayasi zhuyedegi tarikhi-geografiyalyk manyzy zhane aspectileri" (15 million tenge).

In the direction of "Participation of Kazakhstani researchers in international teams working in large foreign laboratory complexes" in the period 2019-2021, 26 teachers of Abai KazNPU participate in 5 international scientific projects jointly with the National Research University Higher School of Economics (HSE, Moscow, Russia), where the scientific supervisors are HSE scientists (50 million tenge):

- project "Strategy for the development of the University's Digital Infrastructure in the post-pandemic period", Head - I.A. Karlov, Director of the HSE Laboratory of Digitalization of Educational Technologies;

- project "Development of the Kazakh version of the instrument for studying the formation of reading skills of primary school students", head - E.Y. Kardanova, Director of the Center for Psychometrics and Measurements in Education of the HSE;
